1. Requirements and Eligibility

Before enrolling in a driving school, applicants should satisfy particular legal and administrative criteria set by Polish authorities.

- **Age Requirements:** The minimum age depends on the car classification (e.g., 18 for Category B vehicles, 24 for Category A motorbikes without previous experience).
- **Residency Status:** Applicants need to be locals of Poland. This is normally proven by a PESEL number (Personal Identification Number) and a registration of house (*zameldowanie*), or evidence of staying in Poland for a minimum of 185 days each year.
- **Medical Fitness:** Every prospect must pass a basic medical exam conducted by a licensed physician to guarantee they are healthy to drive.

2. Step-by-Step Guide to Getting a Polish Driver's License

The kupno prawa jazdy path from pedestrian to certified chauffeur involves a number of unique milestones.

Action 1: Obtain a PKK Number (*Profil Kandydata na Kierowcę*)

The PKK is a distinct prospect profile number released by the local district office (*Starostwo Powiatowe* or municipal government *Urząd Miasta*).

- **What is needed:** A completed application type, a passport-style photo, a medical certificate, and an ID (passport or residence card).

Step 2: Medical Examination

A licensed occupational health physician must examine the prospect's eyesight, hearing, and general health. The standard fee for this evaluation is controlled by the state (currently 200 PLN).

Action 3: Complete State-Approved Training

Enroll in a state-approved driving school (*Ośrodek Szkolenia Kierowców* - OSK). For a standard Category B license, the course consists of:

- **Theory:** Minimum 30 hours covering traffic guidelines, roadway indications, and basic first aid.

- **Practical Driving:** Minimum 30 hours behind the wheel with an instructor.

Keep in mind for Expats: While most driving schools carry out lessons in Polish, an increasing number of schools in significant cities like Warsaw, Kraków, and Wrocław use theoretical courses and examinations in English.

Step 4: Pass the State Exams

As soon as training is total, prospects should schedule and pass 2 exams administered by the provincial roadway traffic center (*Wojewódzki Ośrodek Ruchu Drogowego* - WORD).

1. **Theoretical Exam:** A computer-based test including multiple-choice questions concerning traffic rules.
2. **Practical Exam:** Divided into 2 parts-- lorry checks and maneuvers on a closed course, followed by driving in real traffic conditions.

- **Non-EU Citizens (Vienna Convention):** Individuals holding licenses from nations that signed the 1968 Vienna Convention on Road Traffic can generally drive on their foreign license for approximately 6 months

after developing residency. Later, they need to exchange it for a Polish license (which normally includes passing the theoretical examination only, offered the foreign license stands).

- **Non-Vienna Convention Countries:** Nationals from countries outside the Vienna Convention need to undergo the whole process-- consisting of medical examinations, driving school, and both state tests-- from scratch.

Tips for a Smooth Process

- **Language Support:** If taking examinations in English, ensure you book with a WORD center that formally supports foreign languages. Note that state exams taken in English normally require the existence of a sworn translator, whose services must be paid for separately.
- **Research study Materials:** Do not rely solely on the driving school. Make use of main online portals that include current question banks for the Polish theoretical test to practice successfully.
- **Patience with Queues:** WORD examination centers in large urbane locations can experience high demand. Booking exams well ahead of time avoids unneeded delays.
