- **The Balanced Approach:** Utilize the double bet feature. Place a big stake on the very first bet with a low auto-cashout (e.g., 1.50 x) to cover the cost of both bets, and a little stake on the 2nd bet to go after greater

multipliers (e.g., 5.00 x or greater).

2. Bankroll Management Rules

- **Set a Budget:** Decide how much money you want to spend before you start playing, and never ever go beyond that limit.
- **Never Ever Chase Losses:** If you experience a losing streak, withstand the urge to increase your stake sizes to win the cash back quickly. This is the fastest way to diminish your account.
- **Accept Volatility:** The airplane can crash at 1.00 x consecutively. Never presume a high multiplier is "due" even if the last couple of rounds led to low multipliers. Each round is completely independent.
