Choosing Your First Gracie Barra Jiu Jitsu Gi

Understanding Gi Types

Not all gis are created equivalent! Here's a failure of various types offered at Gracie Barra:

1. Single Weave Gi

- Lightweight and ideal for beginners.
- Affordable yet durable enough for routine training.

2. Double Weave Gi

- Heavier fabric for those that prefer even more durability.

- Often used in competitors because of its robustness.

3. Ripstop Gi

- Made from rip-resistant material.
- Ideal for hot environments as it is breathable yet strong.

Why Fabric Matters

The fabric affects weight, breathability, and resilience. Beginners commonly try to find comfort first; hence choices like solitary weave or ripstop can be exceptional choices.

Sizing Your Gi Correctly

Getting the appropriate fit is essential! A badly suitable gi can prevent your performance and convenience during training sessions. The general sizing graph used by Gracie Barra includes:

Dimension	Height (centimeters)	Weight (kg)
A0	150 - 160	50 - 60
A1	160 - 175	60 - 75
A2	175 - 185	75 - 90
A3	185 - 195	90 - 110

Color Selections: What Do They Mean?

While most newbies go with standard white or blue gis, other shades represent different points within BJJ culture:

- White: Beginner level
- Blue: Intermediate skill
- Black: Advanced practitioners

Choosing a shade can mirror your present condition in your journey!
