conventional double-downs and divides.

- **The Mechanic:** The house uses "complimentary" double downs and divides under particular conditions.
- **The Gameplay:** If a player is dealt a tough 9, 10, or 11, the casino "frees" the double down, matching the player's original bet without requiring extra funds from their bankroll. Similarly, complimentary divides are offered on all pairs except 10s.
- **The Catch:** To balance out these generous giveaways, if the dealer's hand totals exactly 22, all remaining gamer hands are pushed (neither win nor lose), except for natural blackjacks.

If a gamer wins a hand, any multiplier produced for that particular card overall (e.g., a winning hand of 18) rollovers to multiply the payment in the next round, varying anywhere from 2x as much as a staggering 25x.
