To open a case in Counter-Strike 2, gamers need two items:

- 2. **A Cryptic Key:** Purchased straight in-game for a standard price of £ 2.50 GBP.

Once both items are in the gamer's inventory, selecting the case and clicking "Open" initiates the iconic roulette-style animation. The visual wheel spins past various weapon finishes before decreasing to arrive on a single item. StatTrak™ technology, which tracks kills with that particular weapon, can often be used to the dropped product, including additional rarity and worth.

The Numbers Game: CS2 Case Opening Odds

Hope springs everlasting in the video gaming community, however mathematics dictates the truth of case openings. Valve officially released drop rates for containers in areas like China due to openness laws, revealing the precise likelihoods of unboxing items of varying rarities.

Drop Rates Table

Rarity	Tier	Product Type	Approximate Probability

		Restricted Purple (Uncommon)	15.98%
		Classified Pink (Rare)	3.20%
		Covert Red (Mythical)	0.64%
